Class 2

Class 3

Week 2

Class 1

Sam Small

Class 2

Class 3

Connor Marsh

Good news!

Sue will be returning to the school to run a science themed after school club for an hour a week for **5 weeks starting this Wednesday 19th** and will be filled with action-packed, hands-on science. The cost for the **5 week** programme is **£24.00** and each week children will either make or be given something to take home with them so that the investigation can continue in their own time. This terms price has been reduced to compensate for missed sessions last year due to circumstances beyond our control. If you would like your child/children to attend the club, you can reserve places online and also make the relevant payment by using this link. <https://bit.ly/churchpreenjan>

Are you following us on our social media platforms or missing out?

Class 1

We have started our Materials unit in Science and sorted a selection of items by their properties. In Art, we have investigated different types of paper. Reception made a Paper Poster whilst Y1 and Y2 matched different papers to given descriptions. In PE, we enjoyed learning some yoga positions.

Class 2

In Geography we have been looking at the difference between weather and climate, researching the UK for the warmest and coldest county's—Shropshire was in the middle. In French we learnt the names for pets. I wonder if the children can tell you any?

Class 3

We have been learning about highwaymen this week in English. They were surprised to learn that Shropshire had its very own highwayman – Humphrey Kynaston. They are writing their own version of Alfred Noyes poem, The Highwayman. Rehearsals started this week in PE for the WBS Dance Festival in February. Please remember to return your slips to school on Monday as well as your Bikeability permission slips.
