

## Church Preen Primary School History Long Term Plan

We have planned our history curriculum in response to the requirements of the National Curriculum in England: history programmes of study 2014, whilst meeting the unique needs of a whole key stage in one class. To ensure depth of coverage and enabling our pupils to develop a deeper knowledge of the topics, we have planned for whole term teaching of history. We have written our curriculum to personalise it to our setting including good coverage of our wide-ranging local history.
